授業の目標 (Course Objectives)

Write an empirical academic thesis in the area of finance, sports business, applied economics or other areas in business.

授業の内容 (Course Contents)

The student is expected to write an empirically oriented thesis making use of the statistical tools learned in the second year and third year. The instructor will provide feedback on academic research and thesis writing. The student can choose to write the thesis in either English or Japanese. With the exception of the mid-term and final presentation sessions, we will meet in my office in McKim Hall.

授業計画 (Course Schedule)

1. Presentation on Thesis Topic: Select topic of interest and explain why you selected the topic. Include references.
2. Presentation on Thesis Topic: Select topic of interest and explain why you selected the topic. Include references.
3. Literature Review Session: Summarize at least 3 papers (or book chapters) directly related to your research topic.
4. Literature Review Session: Summarize at least 3 papers (or book chapters) directly related to your research topic.
