授業の目標 (Course Objectives)

By the completion of this course, students will be able to:

- Apply appropriate reading strategies for the comprehension of university-level business-content academic texts
- Integrate note-taking skills for the understanding and retention of information in readings, videos, and lectures
- Actively participate in academic discussions on specialized business topics
- Write business reports that develop clear and convincing arguments with support from outside sources, using appropriate citations and references

授業の内容 (Course Contents)

This course provides language support for the International Business A and B courses and focuses on developing vocabulary and comprehension skills for understanding business texts with a secondary focus on research and writing skills development. ESP-A and ESP-B match the International Business A and B class system, so the teaching has been combined with ESP-B and both courses must be taken together.

Students will deepen their knowledge of the key concepts of the International Business course text and practice English vocabulary skills such as paraphrasing and circumlocution through a range of student-centered learning projects and tasks.
