授業の目標 (Course Objectives)

This course is designed to train students' logical thinking and writing skills.

授業の内容 (Course Contents)

Since the primary purpose of this course is to train logical thinking and writing skills, rather than learning legal subjects, the materials used in this course are not always related to law. Students are required to read materials provided in class, summarize them, write their opinions about them, and discuss each others' opinions in writings. In the discussions in class, students' participations are expected.
